disabilities
receiving care

480 preschool parents
engaged in income
generating projects

120 disabled children
receiving new
specialized wheelchairs

56 disabled adolescents
engaged in income
generating projects

Dear Friends,

Thank you once again for your generous support. Having recently returned from Zimbabwe I am both inspired and humbled by your generous spirit and the magnitude of its impact on the children of Zimbabwe. Through your overwhelming generosity we have time and time again exceeded our goals to improve the health and wellbeing of at-risk children and families of Zimbabwe.

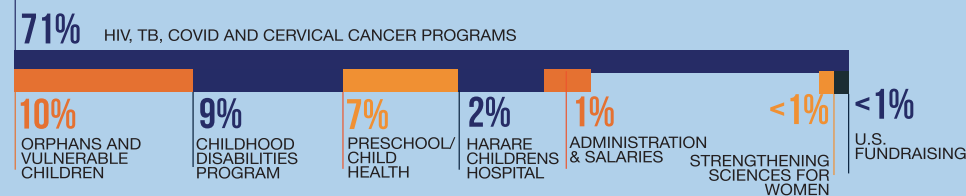

In my 2022 report to you we focused on the extraordinary JF Kapnek Team in Zimbabwe who work tirelessly to implement the health and education programs we all work to support. It seems only natural that this year we should focus on our donors. As you will see, some of you made an extra effort over the past year to support a special project while others have generously provided the core funding that makes it possible for Kapnek Trust USA and JF Kapnek Zimbabwe to accomplish so much each year.

So thank you all for making it possible while the list below is not complete by any means, I want to thank you ALL!!!.....Joe, Lisa, Ann, Peter, Candace, Tammy, David, Mark, Liz, Steve, Bonnie, Kerry, Hunter, Kelly, Carrie, Barbara, Shelli, Amy, Kathy, Roger, Darlene, Bob, Angela, Helen, Peter, Phil, Beth, Mary, Ken, Joanne, Jim, Caroline, Rick, Davina, Mike, Susan, Paul, Richard, Greg, Kelly, Valerie, Tom, Virginia, Andy, Alesia, Maureen, Adam, Roseanne, Linda, Arthur, Rosemary, Ken, Mary, Margi, Cambria, Matt, Drew, Carol, Chris, Marie, Brad, Andrea, Tim, Cara, Angela, Angelo, Jose, Arlane, Frank, Pat, Laura, Bruce, Rita, Jeff, Marilyn, Julie, Ariane, Ignacio, Frances, Charlie, Don, Janice, Hany, Coop, Chop, Lindy, Judith, Laura, Mitch, Jan, Eric, Sophie, Ron, Robin, Scott, Mindy, Rob, Cam, Todd and Madelene, and many more... you all, and I mean ALL of you, are what make these great programs possible!!!

With deep appreciation,

Dan and the entire Kapnek Team

2023 ANNUAL REPORT

Together
MAKING GREAT THINGS POSSIBLE

This fall, Bob, Mark, Connie, and friends flew over to Harare to fit 120 custom wheelchairs for children with cerebral palsy. As you can see from the photos, this was a joyful effort that brought smiles to everyone! The impact of this project will reverberate in the lives of these children for years to come... Bravo!!!!

BOB, MARK & CONNIE

Heidi and Geoff are old friends of the Kapnek Trust who worked on a preschool project in Zimbabwe many years ago. They approached us wanting to support a project with money they had been saving for the past year. We came up with a plan to enhance our Preschool-Child Health Program to support several thousand quarterly health checks! In addition, our mutual friends, Tammy and David, matched Heidi and Geoff's contribution to meet the need to refurbish the ICU at Harare Children's Hospital.

HEIDI & GEOFF

YOU MAKE THE DIFFERENCE

With your support we have made great strides in our efforts to eliminate new cases of HIV in young children and their parents; provide nutrition, health screenings and early childhood education to thousands of children; provide physical therapy and wheelchairs to children with disabilities; and scholarships to exceptional premedical students.

Over the years ahead we hope to eliminate HIV/AIDS, help develop a national preschool-child health program, support the development of Harare Children's Hospital into a center of excellence and expand the national capacity to respond to climate change. We look forward to the challenge.

YES, I WANT TO HELP CREATE A HEALTHIER WORLD FOR ALL CHILDREN.

- \$50 sends a child to a Kapnek Preschool for a year.
- \$300 provides a disabled child with a custom-fit wheelchair.
- \$500 buys porridge to feed 80 kids for six months.
- \$2,500 renovates one classroom, creating a preschool where 80 children will receive a daily meal, healthcare and early childhood education.

YOUR DONATION IS TAX DEDUCTIBLE AS WE ARE A REGISTERED 501(C)3 PUBLIC CHARITY

Steve, an avid supporter of Kapnek, travelled to Zimbabwe with his sons, Austin and Parker, to see the impact of his effort to improve access to medications at Harare Children's Hospital. Both young men were inspired by all that has been accomplished through their Dad's generous support. When they personally saw the difficulties facing Harare Children's Hospital, they took the initiative to create a crowd funding campaign and ultimately raised the funds necessary to refurbish the hospital's Entrance Hall and Emergency Room.

STEVE, AUSTIN & PARKER

LUKAS

A similar 'all in the family' story is that of Lukas who travelled to Zimbabwe with his parents, Susanne who is engaged in a UCSF child health research project and Arnd who helps manage the Herz Foundation, one of our longstanding partner organizations. During his visit Lukas was inspired to raise funds for a borehole. The result is the Chishoshe School Borehole which provides fresh water and improved health to hundreds of school children.

ZACK

An 'in the works category' project is Zack's effort to raise funds as part of his Bar Mitzvah. As of this writing funds are being collected in support of our Preschool - Child Health Program and the shipping of medical supplies to Harare Children's Hospital.
